Kay's Message

One of the great blessings of my life has been the opportunity to meet some truly amazing and compassionate people. The list of these folks is headed up by Anne Springs Close. I had the privilege to know Anne for many years and I often was quoted as saying that the two people I admire most in life are Anne Springs Close and Mother Teresa, in that order.

Anne, in her customary humble way, would fuss at me for saying this but truer words were never spoken. So much has been written about and said about Anne but I want to focus specifically on the Anne I knew, the one who cared about people who were hungry. And the one who instilled in her children, grandchildren and great grandchildren that everyone should care about people who are hungry. You see Anne didn't think there should be any hungry people - and that is something that we shared.

Anne was dedicated to seniors who were hungry. Before her vision failed her, she drove routes delivering daily meals to seniors who needed food and who needed company. Several years ago, I had the privilege of setting up a day for Anne, Angie McCrae and myself to run a mobile meals route. We visited several seniors all around Rock Hill and Anne sat and visited with each of them - she especially enjoyed meeting one of the seniors who had worked for Springs many years prior.

Anne was the person who started our Second Helping Program. This program provides food boxes to seniors who are homebound and at risk of running out of food before the end of the month as small social security checks start dwindling down. We started this program with Springs funding in York and Lancaster counties and it continues today in multiple counties throughout our region.

Anne was dedicated to children who are hungry - and to parents who were struggling to feed their children. Anne was the person who helped start our Backpack Programs in Fort Mill (York County), Lancaster and Chester counties. Springs funding has continued for well over a decade and helps feed children every week who might otherwise not have meals on the weekends and holidays when school is out of session.

Anne encouraged the Springs Close Foundation to fund meals for seniors and meals for children, the groups most vulnerable to the effects of hunger. And she encouraged her children to become involved with Second Harvest as well. Between the foundation and the family, over two million dollars has been donated to our food bank to feed the hungry in areas where Springs operated textile mills.

In addition to her generosity and concern for those in need, Anne was an incredibly interesting person. She had an amazing dry wit and would never fail to make me laugh out loud. I was privileged to see her just a few months before her death and we had a wonderful visit recounting so many good times shared and I will be forever grateful for that day.

We lost Anne on August 20, 2021, and I immediately began to think what would Anne want me to do that would honor her legacy. And the answer came quick and clearly, she would want me to go right on feeding people. So we set about at Second Harvest planning distributions of 95,000 pounds of food throughout Chester, Lancaster and York counties in honor of her 95 years of service and compassion.

Joined by Springs Close Foundation staff and members of Anne's family, we hosted distributions and deliveries at Dorothy Day Soup Kitchen in Rock Hill, Christian Services in Lancaster, HOPE in Rock Hill, Historic Paradise in Fort Mill, KARE in Kershaw, Lancaster County Council on Aging, York County Council on Aging, elementary schools in Chester County, and Lancaster County SPCA. We provided fresh produce and staple foods, including Thanksgiving meals, to thousands of citizens in these counties Anne so dearly loved.

Anne would have been proud of this work and while I will always miss her, I will honor her by continuing to feed people every day for as long as I can.

COVID-19

Our Response...Two Years Later

Dear Food Bank Friends,

Two years later, the impact of COVID-19 is still being felt throughout our 24 county service region in North and South Carolina. During the first 12 months, we encountered enormous increases in need, less donated food and fewer volunteers to help us keep children, seniors, families, veterans and pets fed.

Just as we were beginning to see some improvement in all of our numbers, the Omicron Variant materialized and our challenges continued.

It has become clear to all of us at Second Harvest that our work is far from over where this virus is concerned. We need your continued support and help as we navigate this next phase. We thank you for what we have accomplished so far and ask you to stay with us as we work to ensure no one in our region is hungry.

Kay

Thanks to you, in the past two years we have:

Packed over one million boxes
filled with nutritionally balanced food

Served over 102,000 families
at our school-based mobile pantries

Distributed over 97 million pounds
of fresh produce, meat, and dairy products

SHFBM 40th Birthday Celebration

On September 1, 2021, the Food Bank celebrated 40 years of service to our region with a two-month birthday celebration and campaign to raise funds, food, volunteerism, and awareness. As part of our 40th Birthday celebration, SHFBM set goals, from September to November, to secure 400,000 pounds of protein, produce, dairy and staple items to help meet the increased demand for food ahead of Thanksgiving. This included truck loads of food donated by Bimbo Bakeries USA, Church of Jesus Christ of Latter-Day Saints, Dole, Harris Teeter in partnership with Niagara, Perdue, PET, Simpson's Eggs, Smithfield, Tyson and US Foods. In addition, nine groups including WAVE, Amazon DLT 8, Rotary District 7680, AvidXchange Foundation, First Horizon, Novant Health, CG Financial Services, Duke Energy and Crescent Communities donated time and funds in celebration of our 40th Birthday.

SHFBM 40th Birthday Celebration

On November 5th, our 40th Birthday Celebration culminated with a sponsored volunteer event and reception. Guests included special friends and the following \$40,000 sponsors: Food Lion, Harris Teeter, Hendrick Automotive Group, Publix, The Springs Close Foundation, Truist, Walmart and Wells Fargo. During the volunteer project portion of the event, all of our sponsors were stationed in small groups throughout the Charlotte warehouse and were packing food boxes, backpacks, care packages and produce boxes. Second Harvest Food Bank of Metrolina's 40th Birthday Celebration raised over \$320,000 to support our programs to help feed hungry children, families, seniors, veterans and pets in our 24 county service region. Thanks to each of our sponsors for being such wonderful community partners.

Partner Appreciation 2021

Annually, Second Harvest Food Bank of Metrolina honors partners in numerous categories who work tirelessly on our behalf to help end hunger in our communities. Normally award winners are recognized at a luncheon, but in 2021, the Food Bank recognized partners virtually. We focused recognition on individuals, businesses, and foundations that supported SHFBM through the most challenging year in our 40-year history - COVID-19. Thank you Mike Reda and his team at Alliance Sales and Marketing for their time and talent to help create a video for our 2021 Partner Appreciation Awards. Also, thanks to Adams Outdoor Advertising for providing billboards around Charlotte that honored our award winners.

“There are truly no words to describe the challenges we faced this past year,” commented Kay Carter, CEO of SHFBM. “With requests for assistance skyrocketing and needs at the highest level ever, we could not have met those needs without our food donors, financial donors, and volunteers. For each partner recognized, there were hundreds of others who also provided support and we remain forever grateful.”
